

WorkSmart-AI

Practical AI training for schools

Built by former university digital skills leads

Give teachers their evenings back

AI can cut hours off lesson planning, resource creation and parent comms every week. We show your staff exactly how to use safely and confidently.

Lesson planning

Differentiated plans for mixed-ability classes in seconds, not hours.

Resource creation

Quizzes, comprehension texts and slide outlines drafted instantly.

Admin and comms

Parent emails, newsletters and reports written in a fraction of the time.

Safe by design

Every session covers GDPR and pupil data protection, spotting AI-generated work and designing AI-resistant tasks, plus age-appropriate use in line with school policy.

Fixed-price packages that fit your CPD budget

Twilight session

1 to 2 hours after school. AI tools and prompting basics for staff.

£300 - £600

INSET workshop

Half or full day with hands-on build sessions during staff training.

£800 - £1,500

Leadership briefing

1 hour for heads and governors on a safe whole-school AI policy.

From £400
